Guevara Mystery

The Cuban press for the first time referred to Arturo Guzman as Cuba's minister of industries, the postt Ernesto (Che) Guevara held until he disappeared from public view five months ago.

As the mystery surrounding Guevara's whereabouts deepened with official confirmation of Guzman's appointment, Dominican faction leader Gen. Antonio Imbert Barreru said reports that Guevara was killed in April durng the Dominican revolt apparently were true but not confirmed. Cuban Prime Minister Castro has referred to Guevara frequently in recent speeches indicating Guevara is alive and not in disgrace. The reports from the Dominican Republic were discounted heavily there.
